

RIIMPO321F

Conduct civil construction wheeled front end loader operations

Course content

This unit describes the skills and knowledge required to conduct civil construction wheeled front end loader operations. It includes:

- Planning and preparing for front end loader operations
- Operating the front end loader
- Attaching, securing, lifting, carrying and placing materials
- Relocating the front end loader
- Carrying out machine operator maintenance
- Conducting housekeeping activities associated with machine operations.

Course duration

3-4 days face to face plus 70 hours on-the-job logbook practice

Outcome

Upon successful completion, students will receive a Statement of Attainment (*RIIMPO321F Conduct civil construction wheeled front end loader operations*)

NATIONALLY RECOGNISED
TRAINING

Front end loader training *(RIIMPO321F Conduct civil construction wheeled front end loader operations)*

Introduction

You have been given this information sheet because your employer requires you to do some training with us, WDI (RTO code: 45367).

This information sheet is designed to tell you things you should know before filling out your Enrolment form.

You must read:

- **this information sheet**
- **AND**
- **the 'General pre-enrolment information for prospective students' information sheet**

before you can enrol in training with WDI.

If you want to talk about information in this sheet, or any aspect of your training, please contact us by phone on +61 413 313 848 or email us: info@wdi.com.au

What the training will cover

This training covers the skills and knowledge to operate a wheeled front end loader and to carry out associated work. It includes:

- Planning and preparing for front end loader operations
- Operating the front end loader
- Attaching, securing, lifting, carrying and placing materials
- Relocating the front end loader
- Carrying out machine operator maintenance
- Conducting housekeeping activities associated with machine operations.

Entry requirements

- Basic level of language, literacy and numeracy (will be assessed during enrolment process).
- Ability to speak and understand English – training and assessment will be conducted in English
- You do not need any experience, skills or knowledge in operating a front end loader or any other plant equipment or machinery.

How long the training will take

You will complete approximately:

- 3 days face to face plus 70 hours on-the-job logbook practice – if you are undertaking the training in Australia.
- 4 days face to face plus 70 hours on-the-job logbook practice – if you are undertaking the training in Australia.

However, the time over which you complete the training will largely depend on how long it takes you to complete the required 70 hours of on-the-job practice and when the assessor is available to conduct the follow-up practical assessment. The estimates given assume three (3) hours of logbook practice per day for five (5) days per week for almost five (5) weeks.

How and where you will be trained

- Face to face training in your workplace - theory content and practice operating the machine
- On-the-job logbook practice - tasks relevant to this training that you carry out in your workplace over a period of time, after you have successfully completed the theory assessment
- You are also required to spend approximately 1 hour of your own time revising learning material you will be given.

How you will be assessed

- Written theory assessment.
- Practical demonstration of skills.

What you need to bring

- Photo identification
- Pen/ biro
- Personal protective equipment (PPE):
 - Steel capped boots
 - Safety clothing (hi-visibility long pants and long sleeve shirt)
 - Hard hat
 - Safety glasses
 - Gloves
 - Hearing protection

If your employer's site policies require you to have additional or different PPE to that listed above, you must bring those items to training.

You must bring the above items to training each day. If you come to training without the right PPE, you may not be allowed to participate in training.

Cost of training

- Please contact us for the cost.
- You may have to purchase PPE (identified above) if not available for use in your workplace.

What you get at the end of training

- Upon successful completion of the training and assessment, you will receive a Statement of Attainment (*RIIMPO321F Conduct civil construction wheeled front end loader operations*).
